BOX PATENT APPLICATION

Sir:

Prior to examination, please amend the application as follows.

IN THE CLAIMS

Please cancel claims 7-17, without prejudice and add the following new claims.

Please amend claim 1 to read as follows:

1. (amended). A cylindrical expandable stent comprising:

a first loop containing section arranged in a circumferential direction and defining loops therein occurring at a first frequency;

a second loop containing section arranged in the circumferential direction and defining loops therein occurring at the first frequency;

a third loop containing section disposed in a generally circumferential space

between the first loop containing section and the second loop containing
section and coupling the first loop containing section to the second loop
